WORLD CONFERENCE ON FAITH AND ORDER

Lausanne, Switzerland
August 3 to 21, 1927.

The Conference is to consist of about five hundred members, as follows :

(1) The participating Churches have been asked to send official representatives in accordance with a list of apportionments prepared by the Committee.

(2) Places are reserved for representatives from Churches not yet officially participating, to be filled by action on their part. The invitation is extended to those autonomous nation-wide Churches which confess our Lord Jesus Christ as God and Saviour.

(3) Places are reserved for persons whose presence for special reasons is desirable and who might not be appointed by the Churches. Members so coöpted are to be on exactly the same standing as other members. Their number is not

to exceed ten per cent of the total number of members of the Conference.

(4) The members of the Continuation Committee are to be members ex officio of the Conference. The Committee has power, in case of the inability of a member to attend a given session, to provide or accept a substitute.

The Business Committee has provided that, if both principal and alternate representatives should reach Lausanne, the alternates up to a half of the number of principals may be admitted to the Conference without the rights and privileges of the floor. It is earnestly requested that the appointing bodies provide ways for filling vacancies in their lists.

The Business Committee has instructed the Corresponding Secretary, in the case of visitors for whom seats are not available, to call attention to the public meetings to be held in Lausanne during the period of the Conference.
